

BUCHANAN STUDIO

The Muse Table

Based on our design for an early Buchanan Studio project, the table has been refined and iterated over the years and has found its way into many of our projects due to its versatility and the vast array of possibilities with material choices. As such, it has become our 'muse'.

Available in either a circular or oval shape, made to (almost) any size, with our playful oversized brass wheels. The top can be produced in a wide variety of unique and rare marbles, natural stones, and travertine.
